SUMMARY

Proficient Data Analytics intern with expertise in SQL, Python, statistical analysis, Tableau, and MS Excel, as well as a strong background in experimentation evaluation. Eager to apply these skills to real-world user data analysis, aiming to solve high-impact business problems and drive data-driven decisions. Known for extracting actionable insights and contributing effectively to projects, with a proven track record in achieving organizational goals. Ready to leverage expertise as a valuable member of a Data & Applied Sciences team to drive impactful solutions.

SKILLS

Programming Languages Python, SQL
Technologies/Frameworks Seaborn, NumPy, Pandas, Matplotlib, Scikit-Learn, GitHub, Databases
Data Science Proficiency Exploratory Data Analysis, Data Analysis, Data Preprocessing, Data Modelling

PROJECTS

Project 1 : Movie Recommendation System using TMDB Dataset, Link July'25— July'25

- Built a content-based movie recommender using metadata from TMDB (genres, cast, overview, keywords).Trained on engineered features
- Applied CountVectorizer + cosine similarity to find similar movies. Delivered a function that recommends top 5 movies based on any given input title.

Project 2 : "Exploratory Data Analysis" & "Dashboard" for MIC Marketing, Link Aug '24 — Sep '24

- Utilized pandas and Numpy for efficient data manipulation, including cleaning, filtering, and performing numerical calculations to explore marketing trends and patterns.
- Created clear and insightful visualizations using Matplotlib and Seaborn to present key insights through bar charts, scatter plots, and heatmaps, aiding in data-driven decision-making.

Project 3 : Integrated Credit Card "Affair" and "Customer" Analytics Dashboard, Link Sept '24 — Sept '24

- Provides a comprehensive view of credit card usage patterns, combining transactional data ("Affair") and customer profile data ("Customer") to analyze spending habits and credit utilization.
- Features visually engaging charts, graphs, and heatmaps, offering insights into customer segmentation, credit risk, and marketing opportunities for data-driven decision-making.

EDUCATION

Bachelor's Degree in Computer Science, Samrat Ashok Technological Institute (GPA: 7.56) Sept '22 – June '26

Higher Secondary Certificate in Science, Kendriya Vidyalaya Balaghat (GPA: 8.13) Apr '20 – Jul '21

Secondary School Certificate in Science, Kendriya Vidyalaya Malanjkhand (GPA: 7.85) Apr '18 – June '19

CERTIFICATES

National Conference on Advance Computer Science and Information Technology (NCACSIT – 2025)

- Our team has presented the following paper – **Technology-Driven Rescue and Welfare Systems for Stray Animals** at the **NCACSIT-2025**.

Certificate of Participation in SIH(Smart India Hackthon)

- Participated in Internal Hackthon on 19th September 2025 at institute campus as mandate of **SMART INDIA HACKTHON 2025**

IBM SKILLBUILD

- Paticipated in IBM SKILLBUILD Workshop held at institute campus by IBM officials.
- Successfully completed following certifications: **Getting Started with Enterprise Data Science**
  Enterprise Data Science in Data Science

VOLUNTEERED

Head Graphic Designer, Training and Placement Cell, SATI
As the Graphic Head of the Training and Placement Cell at SATI, I not only lead the design efforts but also coordinate with various teams to ensure the successful execution of events and initiatives

Graphic Designer, Entrepreneurship cell, SATI
In my role as a graphic designer for Ecell, I create visually compelling graphics that support entrepreneurial initiatives. I work on a range of design projects, from promotional materials to event branding, ensuring that Ecell's visual identity is consistently represented and effectively communicates its mission and goals.
